

# Hawkeye Area Council, BSA

## 2020 Annual Gratitude Report

### My Fellow Scouts and Scouters,

As we begin a new year of Scouting, we take a moment to reflect on the accomplishments of the Hawkeye Area Council, Boy Scouts of America. We are proud to inform you that our Scouting programs continue to serve thousands of youth in Eastern Iowa. These programs offer leadership and character building, enhancing knowledge and skills that guides youth to become upstanding and productive citizens in our ever-changing world.

For many of us, the Boy Scouts of America defined our youth and, ultimately, who we went on to become as adults. It provided a place for us to learn to grow and learn to lead. We are eager to share a few stories reflecting these timeless values and tremendous impact your support has had on our Council.

Although the past year looked very different than others, the Hawkeye Area Council worked hard to keep youth engaged and active in Scouting. To all our volunteers, families, supporters, and alumni, we thank you. You are growing leaders, serving families, and helping our communities in Eastern Iowa. We look forward to another successful year in the Hawkeye Area Council.

### Yours in Scouting,

*Doug Alberhasky*
